We have relocated!

On-site sample production facilities have re-opened.

Patients can now book to use our on-site production facilities on Thursdays.

Book online at www.hulleastridingfertility.co.uk and select 'Andrology sample production on-site'.

Alternatively call 01482 689040

Christmas closure:

Last date for sample acceptance:
22/12/2021

First date for sample acceptance:
05/01/2020

We have now relocated to a brand-new state-of-the-art clinic located near the Humber Bridge within the Hesslewood business park.

The new location means the clinic will more readily accessed from Hull, North and East Yorkshire and Lincolnshire and will provide dedicated free parking adjacent to the clinic for exclusive use by patients.

The Andrology Unit is located on the left-hand side of the building with its own dedicated entrance and sample production rooms.

Important notice

We are seeing an increasing number of patients with no or incomplete request cards. The samples **will NOT** be processed without this being completed. An up-to-date request card is available via the PIP, our website or by contacting us directly.
